

DDE Resources

Fairtrade Fortnight 2021(Feb 22nd - March 7th) - FREE Training Teachers' Workshop (online)

Please see the leaflet attached to the DDE Resources email for details on content and how to sign up.

World Solidarity Day - 20th December - KS1/KS2/KS3

“Global challenges must be managed in a way that distributes the costs and burdens fairly in accordance with basic principles of equity and social justice. Those who suffer or who benefit least deserve help from those who benefit most.”

In class you could consider the meaning of the word "solidarity", and discuss how - and to what extent - it helps combat poverty and achieve social justice. This could be used as a standalone discussion point, or worked into a linked PSHE/SEAL topic.

How to rewild urban land with Tiny Forests - KS3

FREE lesson from inside the upcoming **Ecosystem Restoration Design** course starting on 18 January 2021.

“Increase your awareness, knowledge and skills in ecosystem restoration as a practice and feel empowered to create a basic restoration plan for an ecosystem close to your heart.”

This resource is free to use as a taster for a wider course, or can be used in isolation. This resources could be appropriate for PSHE/SEAL and tied in with a linked Science module.

World Braille Day - 4th January - KS2/KS3

World Braille Day commemorates the birth of Louis Braille. He was born on 4 January 1809 in France, and in 1829 he published his Method of Writing Words, Music, and Plain Song by Means of Dots, for Use by the Blind and Arranged by Them.

Many of us are aware of sign language and may even know fragments after having caught glimpses. Braille is somewhat more of a mystery, but remains a vital way of accessing information for those who are blind or visually impaired. This resource seeks to raise awareness and understanding for the medium and can be used as a standalone discussion point, or linked to a wider PSHE/SEAL topic.
