

Christmas Appeal :

Seeds, suckers and training in sustainable agriculture

DDE's Hunger in Uganda Appeal for food parcels in August and September helped 330 families. Now Beatrice and Godfrey are thinking longer-term and wish to provide training in sustainable agriculture for some of these families.

Each family will receive a 'Re-Starter Kit' to implement the training, and so be better able to survive another drought or more pandemic restrictions.

The Re-Starter Kit for each family will provide:

- 1 bag of cassava cuttings. Cassava is a good food security crop
- 10 banana suckers. A permanent crop, requiring limited husbandry once established
- Kale and cabbage seeds, excellent sources of nutrition
- 5 sacks to create bag gardens (like vertical 'grow-bags', pictured here)
- 2 farming tools: an African hoe and a panga.
- Two half day training sessions

The cost is £35 per family.

Christmas Appeal 2020: please can you help?

Cheques should be payable to 'Devon Development Education (Christmas Appeal)' and sent to us, c/o Sue Errington, 4 Acacia Mews, Kennford Devon, EX6 7TZ, or make a donation by BACS (a/c: Devon Development Education, s/c 08-92-99, a/c no. 65173134). We will send you a receipt for each donation. If you wish to give this as a Christmas gift, we will send greetings to your family or friends, with information about your gift to them.
